

Black Jack

Design Officina Daytona

La struttura di base è in multistrato di pioppo. Il sedile in multistrato è incinghiato con nastri elastici. Imbottitura seduta in poliuretano espanso in varie densità. La parte superiore della seduta rivestito con lastra da 2 cm di memory foam e falda acrilica grammi 150. Il rivestimento è non sfoderabile. Le sedute si distinguono per la lavorazione liscia oppure trapuntata con impuntura. I vari moduli possono essere arricchiti dalla base in noce canaletto, laccata, rivestita in pelle o ancora con la seduta a terra per una linea più essenziale.

The base structure is made of poplar plywood. The multilayer seat is tied together with elastic bands. Seat padding in polyurethane foam in various densities. The upper part of the seat is covered with 2 cm memory foam and 150 gram acrylic layer. The cover is not removable. The seats stand out through their smooth or quilted workmanship with saddle stitching. The various modules can be enhanced with a base in canaletto walnut, lacquered, upholstered in leather or even with a floor seat for a more essential line.
